

## Popup Gazebo Instructions

### Step 1

Stand the gazebo on four legs.

### Step 2

Align the four corners of the roof (canopy) to the corner of the frame.

### Step 3

Pull the legs out and create the size purchased. PLEASE NOTE - We recommend two people to spread the tension.

### Step 4

What it should look like once step 3 is completed.

### Step 5

Pull the roof taut to create a waterproof edging around the frame.

### Step 6

Extend two legs and lean the gazebo to one side.

### Step 7

Extend the other two legs and your gazebo installation is complete.
